Discussion of Over-Sized Vehicles in Residential Zones

After a brief discussion, the committee unanimously agreed to forward this item to the full Council for consideration. Staff indicated it would be reported out at the September 3rd Work Session meeting.

Discuss Park Drive and Future Street Right of Way Adjacent to Central Park

Jim Stone passed out copies of an aerial photograph showing the area just north of Central Park and discussed plans the Parks Department has for the park drives and the need for the dedication of street right of way at Ninth and Glenbrook. Jim indicated that staff would work with the City Attorney's office to determine the best way to accomplish the dedication. After discussion, it was agreed that parks staff would brief the committee again once the method for the dedication had been determined and plans for the parks drives had been finalized.
